

# PANDEMONIUM RULES AND REGULATIONS

## MAGIC THE GATHERING GAMES

### ***Overview***

MTG portions of the event will be held in the vendor area. Any registered player may participate in the card games at any time games are underway. Discounted \$15 tickets are available for persons interested in only taking part in the card games and not the paintball scenario. These Magic games will have direct impact on the playing field in the form of game points and special player ability unlocks for each side. Additionally, players may have the chance to win prizes with their victories as well.

### ***Format***

The gaming hall shall be overseen by a staff appointed GAME MASTER. The game master will adjudicate all official player vs player duels and award game points, special abilities, and prizes to the victors of said duels.

All official duels will be played with blind pre-built decks. These decks will be provided to the players by the game staff. Players may bring their own decks to play for “funsies” amongst themselves in the game hall as well. Official duels can include 1v1 or 2v2 formats.

The game master will not adjudicate non-official games played for “funsies” amongst the persons gathered in the gaming hall.

### ***Player Population***

If at any time there isn't a player population capable of supporting player vs player duels within the gaming hall players may duel against the game master in order to earn game points, special abilities, and prizes.

### ***Audibles***

Audibles, special games, and general surprises may be introduced by the game master at their discretion. Any game points, special abilities won by the players for their faction will be relayed immediately to the head referee via radio, text, or cell call and become active as soon as the head referee informs the respective faction commander.
